

## **MEMBER MICRO NEWS UPDATE: 2 June 2014**

### **Next step in the NEW RESIDENTIAL ZONES Stage 2 - Further Community Consultation**

In response to wide community feedback during 'Stage 1' (JAAG made a submission) Council identified some specific precincts where a change in the proposed zone to either a General Residential Zone or a Residential Growth Zone could be applied to provide new housing opportunities, *one precinct so identified is Alma Road.*

Before deciding whether to adopt these changes, Council is consulting on the changes with property owners.

You may like to attend Council's [Drop-in session - St Kilda Town Hall](#) Wednesday, 11 June 5 - 7:30 pm

And /or participate in Council's online survey <http://haveyoursayatportphillip.net.au/new-residential-zones>

All property owners affected by Stage 2 changes have been directly notified by letter and comments on the proposed Stage 2 changes are invited until 5pm Monday, 30 June 2014.

### **Melbourne Water has announced it is planning to begin soon replacing the aged 1890's built underground main water pipe that runs under Punt Road from South Yarra to St Kilda Junction and JAAG's area.**

The good news is the 3 kilometre replacement pipe, it would appear, will NOT be laid along a Punt Road that would cause massive traffic issues during the expected 12 months of construction. Instead a parallel route mainly to the west of Punt Road and an eastern route nearer the Junction has been chosen.
