

MICRO NEWS UPDATE – 26 August 2016

**Public comment sought for
St Kilda Road Urban Design and Land Use Framework –
Amendment C122**

St Kilda residents and interested parties are invited to comment on the desperately needed St Kilda Road Urban Design and Land Use Framework, Amendment C122, which we have waited years to be put in place.

Public comment is being sought for this proposed planning amendment now called “Amendment C122” but only until Monday, 12th September 2016. We need your support against the developers who will try to influence changes to the C122 Amendment so they can continue to build inappropriate skyscrapers in our precinct.

Should you not understand the proposed Amendment C122 and how it impacts your property there is a drop-in session at Council next week, Thursday, 1 September, 4 to 7 pm, at St Kilda Town Hall which we encourage you to attend.

Call to Action: JAAG needs as many concerned members and residents as possible to lodge supportive comments to counter balance those expected to oppose it, especially from developers.

You have only two weeks to lodge your comments/support.

What: St Kilda Road Urban Design and Land Use Framework now known as C122 Amendment

Closes: Monday, 12 September 2016

How: Go to our website www.jaagstkilda.com

To see how easy it is to make your comments to Council

Together we can make a difference to our precinct.
