ALBERT PARK MASTER PLAN – BE PART OF SHAPING THE PARK'S FUTURE

The second stage of developing a new master plan for Albert Park is underway with community consultations and workshops. Parks Victoria is aiming to reach the broad community of park visitors – sports players, local residents and occasional visitors.

You have until Monday 5 December to comment on the concept framework via an online survey at the project website www.albertparkmasterplan.com.au

A workshop will be held in the park on Tuesday 29 November, 6-8pm to enable people to hear one-another's ideas and aspirations for the park. Registration via the project website will assist with arrangements.

JAAG Steering Committee

Together we can make a difference to our precinct.
