

MICRO NEWS UPDATE – 19 November 2018

**You are invited to "Have Your Say"
on the merits of Chipton Park
Design 3.0**

Latest 3.0 design details are available on the JAAG website or go to CoP website.

Our path for an upgrade to our much loved Crimea Street park (Chipton Park) has been a fraught journey.

In the last two years Council has been flooded with residents' concerns, ideas and requests and very slowly many of these are being taken up. But we need to keep the pressure on Council to get a truly inspiring result that will please and yield ongoing enjoyment for years to come. The final concept design has been completed after Council engaged a Landscape Architect consultant to develop the detailed landscape design. Can you please take a few minutes to check over the design 3.0 for how it meets your design expectations.
