

MICRO NEWS UPDATE – 27 September 2019

Change in use of 72 Wellington Street, St Kilda

In the last few weeks 72 Wellington Street has been registered as a rooming house. At the same time there has been an increase in complaints about noise and loss of amenity and in the number of syringes found in the surrounding streets and laneways. Local police are in regular attendance.

What can you do?

If you have a complaint about noise or have found a syringe contact Port Phillip Council **ASSIST on 9209 6777** with details about the time and place – location is especially important for syringe collection and disposal.

If you have been or are witnessing anti-social behaviour **call 000** so that the call can be logged and responded to appropriately.

Together we can make a difference to our precinct.
